			TECHNIC	AL EXPLANATION	ON O	FIRE	MODIFI	LATION			rechnical B	sulletii	1 NO	
Subject Pulley with plastic raw material (PA6 %60 GF) transition for Large and E450 products with UM motor														
Key Words	Plastic	Plastic Pulley, Drum, Belt, UM Motor, Grounding, Pulley Fixing Screw												
Problem descri	ption / Rea	son of the	modificati	on:										
•				(Large and E450	UM m	otor pi	roducts)							
Affected period:											Application Da	ite:		
As of April 1st 2018											01.04.	.2018		
Content of the	modificatio	on (Which i	items are n	nodified?)·										
				6660100 and 0200). Pull	ey fixin	g screw;	2829960500 will	be used inste	ead of 28299602	00.			
APPLICATION II		D:												
leeded equipm Current equipm		usad												
urrent equipn	ient can be	useu.												
low will be the					- 4.5		14-2 0013							
				vhich are produce ed after April 1st										
				ed after April 1st minum pulley wh					3, aluminum	pulley has to be	used.
